

City of Flagstaff's Proposed 2017 League Resolutions

Flagstaff Proposed Resolution	Committee Assignment	Policy Committee Outcome
Protect local authority to bring revenue to cities and towns	Budget, Finance and Economic Development Policy Committee	The Committee discussed these policy submittals. However, since the protection of shared revenues and the preservation of local control are part of the League's core principles, the members decided it was not necessary to move these forward as individual resolutions.
Improve forest health	Neighborhoods, Sustainability and Quality of Life Policy Committee	Committee members moved this issue to go forward as a resolution.
Improve safety in public facilities	Public Safety, Military Affairs and the Courts Policy Committee	Committee members discussed how this issue is best left to local government decision making, and saw the guiding League principle of local control as superseding this policy submission. Committee members decided to not move this as a resolution.
Support State Housing Trust Fund	Neighborhoods, Sustainability and Quality of Life Policy Committee	Committee members moved this issue forward as a resolution.
Uphold and restore the principle of local control	General Administration, Human Resources and Elections Policy Committee	Committee members voted to move Policy Issue 6 forward as a Guiding Principle in the League's Policy Statement.
Protect existing funding to cities and towns which support the quality of life for its residents	Budget, Finance and Economic Development Policy Committee	The Committee discussed these policy submittals. However, since the protection of shared revenues and the preservation of local control are part of the League's core principles, the members decided it was not necessary to move these forward as individual resolutions.
Clarify state law regarding signs	General Administration, Human Resources and Elections Policy Committee	Committee voted to work on Policy Issue with League staff, city and town attorneys and other interested parties.
Support Energy Districts	Budget, Finance and Economic Development Policy Committee	Committee voted to move this issue forward as a resolution.
